

Backing for GOP School Aid Changes

By JOHN W. BECKLER
WASHINGTON (AP) — House Republicans are picking up support among state and local public school officials for their proposed changes in President Johnson's school aid program.

The board of directors of a group representing state superintendents of education voted 7 to 0 to support amendments proposed by Rep. Albert H. Quie, R-Minn., to the Elementary and Secondary School Act.

And some local school officials, particularly those in Southern and rural areas, are urging their congressmen to vote for the Quie amendments.

The basic change Quie would make in the 2-year-old program is to provide lump sum grants to the states instead of allocating them to individual school districts for specified uses.

Quie claims his amendments

would carry out all the aims of the existing program but greatly reduce the administrative burden on local school authorities and strengthen state control over education.

The appeal to states' rights plus the widespread unpopularity of the U.S. Office of Education in the South because of its school desegregation efforts has produced strong support for Quie in a House where Republicans and Southern Democrats comprise a majority.

So fearful of the outcome are Democratic leaders that they have postponed for weeks action on a bill extending the existing program.

One Quie supporter is Edgar Fuller, executive secretary of the Council of Chief State School Officers, which represents the state education chiefs in all 50 states.

Fuller convened the council's directors here last week and the outcome was a unanimous vote — made known today — for the Quie amendments. The seven favorable votes were cast by the chief state school officers from Massachusetts, North Dakota, Washington, Iowa, Oregon, Illinois and Tennessee.

First Jubilee Year
Pope Boniface instituted the first Christian Jubilee in 1300; Pope Paul II decreed that the Jubilee Year should be held every 25 years.

McClellan Says (From Page One)

oped by Secretary of Defense Robert S. McNamara as an all-purpose plane for the Air Force and Navy to help save on production costs.

The new contract calls for a fixed price incentive arrangement allowing General Dynamics a possible nine per cent profit if it meets a target cost of \$1.67 billion.

This would permit a \$15-million profit, with the company sharing in savings below the target cost and the government helping absorb any excess costs up to 15 per cent above the contract total.

The Air Force said the contract would cover 165 Air Force and Navy aircraft authorized by Congress in the fiscal year ending June 30. Australia would get 24 planes and Britain 50. The remainder of the 493 still lack congressional funding.

McClellan noted Congress prohibited the purchase of production models for the Navy in the year ending June 30.

"The Navy version is bogged down," he said. "They have no engine for it that will do the job and they can't test a new engine in the plane until next year."

The committee chairman said his over-all estimate of the final cost of the planes included research and development items running to about \$1.3 billion. He said Air Force models will cost twice the original estimates and Navy models up to three times the first figures.

McClellan said he was glad the contract has been signed "because maybe now we will get some idea of the cost if we don't get the usual half-story from the Pentagon."

State Official Critical of WR Proposal

LITTLE ROCK (AP)—Gov. Winthrop Rockefeller's plan to abolish four constitutional offices and place the jobs under a cabinet system was criticized Wednesday by State Treasurer Nancy Hall and Land Commissioner Sam Jones.

Jones said he would be "bitterly opposed" to the plan which Rockefeller discussed recently before the Constitutional Revision Study Commission.

Mrs. Hall said a cabinet system, similar to that of the federal government, would place too much power in the hand of one person.

"Constitutional officers are accountable to the people and I think this is a healthy situation," she said.

Jones said the establishment of a cabinet would take control of the offices of auditor, treasurer, land commissioner and secretary of state, from the hands of the people.

State Auditor Jimmie (Red) Jones said he did not think any of the constitutional offices detracted from the administrative role of the governor.

"The people of Arkansas have long demonstrated their desire not to concentrate too much governmental power in the hands of one individual office holder," Mrs. Hall said. "I think the individual constitutional officers constitute an important balancing of governmental duties and responsibilities."

Obituaries

B.C. JURLS

Stamps—B.C. Juris, 89, native of Hempstead, died Wednesday at Bastrop, La. Nursing Home.

Surviving are 10 sons, Roy and O.B. of Bastrop; Ruby and Odell of Springhill, La.; C.M. and Barney of Jennings, La.; J.B. of Montgomery, La.; Ernest and Everett of Bodcaw and Edgar Juris of Hope; five daughters, Mrs. Estell Holmquest of Calif., Mrs. Claudia Hearnly of Shreveport, Mrs. Birtle Lewis and Mrs. Ben-nie Ross, both of Hope and Mrs. Iva Rhodes of Stamps.

Services will be Thursday at Patmos Baptist Church with burial in Patmos Cemetery.

No Comment on Change in Guidelines

Arkansas Education Commissioner A. W. Ford declined comment today on the re-organization that places the responsibility of school desegregation guidelines directly under U. S. Welfare Secretary John W. Gardner.

Ford said, however, he felt certain the decision to re-organize was made at the highest level between President Johnson and Gardner.

Gardner announced Wednesday that the enforcement of desegregation guidelines — and the authority to cut off federal aid for school districts not in compliance — would be centralized in the Health, Education and Welfare Department directly under him. Education Commissioner Harold Howe II formerly enforced the guidelines.

Monday, May 15 at the Heritage House. Dinner will be served at 7 p.m., and new officers for both Guilds will be installed by Mrs. Arch Wylie, WSCS President.

THURSDAY, MAY 11

The VFW Auxiliary will meet at 7:30 p.m. at the VFW Hut on Thursday, May 11th.

Wedding Vows Are Repeated

Miss Nancy Wester, daughter of Mr. and Mrs. John Wester, Washington Road, and Kendall Yocom, son of Mrs. Ray Yocom, Bay City, Texas, and the late Mr. Yocom, were united in marriage Saturday, May 6 at 2 p.m. in the home of the officiating minister, the Rev. Merlin Cox. The double-ring ceremony was performed beneath an arch entwined with greenery, flowers and a white bow and flanked by candles.

The bride was given in marriage by her father. She wore a long-sleeved dress of white lace trimmed with tiny pearl buttons. It had a low, round neckline, and the bride's only jewelry was a dainty diamond necklace, a gift of the groom. A small white hat completed her attire, and the bride carried a white nosegay.

Mr. and Mrs. Graydon Anthony, the couple's only attendants. After the wedding was performed before a small gathering of family and friends, Mr. and Mrs. Yocom left for Bay City, where they will make their home. Mr. Yocom is employed there by the Phillips Oil Company.

BRIDAL SHOWER FOR MISS SUSAN ERWIN

On Monday night, May 8 Miss

TOMYE POWER

Magnolia — Tomye E. Power of Hope will be a candidate for the Bachelor of Science in Education degree from Southern State College, according to James L. Smyth, registrar.

Miss Power, daughter of Mr. and Mrs. P. C. Power of 600 W. 9th Street, attended Texarkana Junior College before transferring to Southern State, where she is a secondary education major. She is a member of Alpha Chi, honorary scholastic fraternity, Phi Alpha Theta, history phi, senior women's honorary sorority.

Susan Erwin, bride-elect of Lloyd Bright, was honored with a bride shower at the Garrett Memorial Baptist Church.

Wearing a blue print frock, the honoree was given a corsage of fleur d'amour. Green and white, of family and friends, Mr. and Mrs. Yocom left for Bay City, where they will make their home.

The 35 guests wrote their favorite recipes for the bride-to-be and also presented her many lovely and useful gifts. Punch and cookies were served by the hostesses: Mrs. Herbert Hartsfield, Mrs. Houston Schooley, Mrs. Lyle Allen, Mrs. B.M. Hazzard, Mrs. Bryan Clark, Mrs. C. C. Booth, Mrs. Dale Bearden, and Miss Gwen Frith.

AUDUBON SOCIETY ELECTS OFFICERS

At the spring meeting of the Hempstead County Audubon Society held recently at the Manuel Hamm home on Grassy Lake the following new officers were named: president, Harry Shiver; vice-president, Mrs. Harry Shiver; secretary-treasurer, Mr. and Mrs. James Irwin; publicity chairman, Mrs. Cecil Bittle. About 20 attended the meeting and were shown interesting colored slides. Carl Amason of El Dorado, who was then state president of the organization commented on the slides in a most interesting manner.

CORA MAE WMA MEETS

The Cora Mae WMA of Garrett Memorial Church met at seven thirty Tuesday night in Mrs. T. L. Smith's home. Opening prayer was led by Gwen Frith. Did You Think To Pray Songs were sung by the group. Devotional was given by Mrs. Smith from Luke Six and Twelve. Program Titled, "Meaning of Prayer" was presented. Those giving parts were Mrs. Sidney Churchwell, Mrs. Selma Simmons, and Miss Gwen Frith. Closing prayer was given by Mrs. Jewel Still. Strawberry Shortcake and lime punch were served by the hostess to the nine members and two visitors present, Mrs. Grady Hairston and Mary Allen.

Coming, Going

Mrs. Paul Rawson left Thursday with cousins, Misses Ethel and Geneva Temple of Des Moines Iowa, to travel by jet to the British Isles to visit relatives in England. They will also visit points in continental Europe and will return in about a month.

Attending the Arkansas Audubon Society meeting last weekend at Petit Jean State Park were Mr. and Mrs. Syd McMath, Mr. and Mrs. Harry Shiver, Mrs. Manuel Hamm, and Dr. and Mrs. Herbert Rogers.

Mrs. Barbara Impson has returned home from a week's vacation in Honolulu, Hawaii where she met her husband M. Sgt. Nat Impson on leave from Vietnam. She is the former Barbara Ross.

Casualty in TV Film Was Her Son

By BEN CHESTER

LA GRANGE, Ga. (AP) — Mrs. A. Landon Morrow Sr. was watching a late news program on television and a film report on fighting in Vietnam caught her attention. Suddenly there was a familiar face in battle gear.

She looked, then shouted: "Come quick, Landon. Here's our son."

The camera had focused briefly on Spec. 4 Landon Mor-

row Jr., a radio operator, as the television newsmen described fighting in "Operation Manhattan."

As the La Grange couple listened and watched, the newsmen described an explosion that had wounded a captain and a radio operator. Then there was a film close-up of a soldier lying on the ground.

"We knew then that was our son," said Mrs. Morrow. "We didn't see the explosion but the next time they put the camera on him he was lying on the ground. There were two or three working on him. We could tell he was wounded."

The next day the Morrrows and their daughter-in-law received telegrams explaining

that the 20-year-old soldier had been wounded but would survive.

Metal fragments from a Viet Cong booby trap had penetrated Morrow's abdomen and both legs.

"I'll never forget the night I saw that," said Mrs. Morrow. "It was on WSB, Channel 2, on April 30th at 11 p.m."

Mrs. Morrow said she would not have recognized her son so quickly if the name of the soldier's unit had not been described. "He — the announcer — said Company B, 2nd Battalion, and I knew that was Landon's outfit," she said.

The soldier's wife Mary did not see the news program and Mrs. Morrow said they did not

call to tell her about it. "We kept calm until we could get a telegram," she said. "We knew it would come. And it did, around 9:30 the next morning."

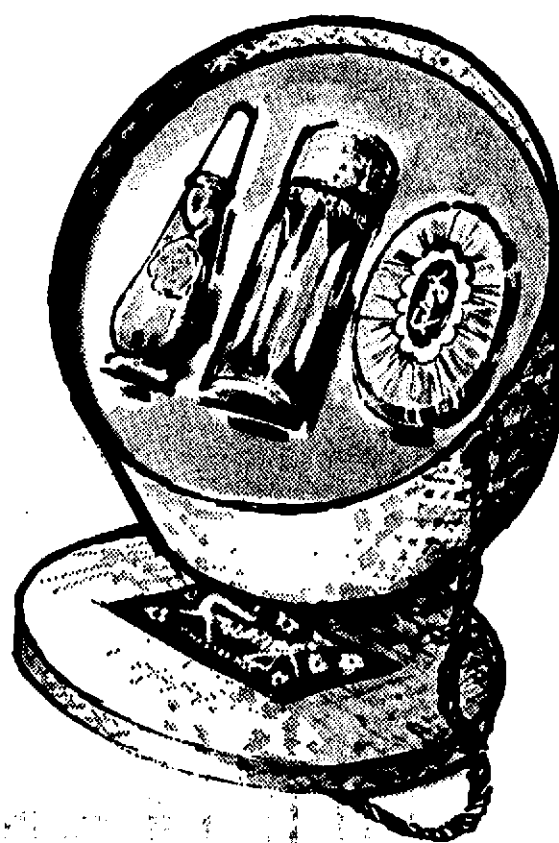

Mrs. Morrow said her son, who has a month-old daughter, arrived in Vietnam last Dec. 29 on his birthday. He has been in the Army about 13 months.

The family received a letter from the wounded soldier Wednesday.

"He said he's going to a hospital in Japan," said Mrs. Morrow.

"He said it will be two to six months before he'll walk right," she said her son seemed to be hopeful and "I'm real hopeful to be all right."

Woman Candidate in Vietnam

SAIGON (AP) — An attractive woman member of the Saigon City Council announced today she will be a candidate for president of South Vietnam. Tran Kim Thoa, 44, said she favored a policy of love and affection rather than tyranny and power. She became the sixth person to announce a bid for the presidency in the Sept. 3 national elections. All the others are men.

THE DOCTOR SAYS

Few Poisonous Varieties Give Spiders Bad Name

By WAYNE G. BRANDSTADT, M.D. Newspaper Enterprise Assn.

Most spiders do not bite and are a boon to mankind but, like snakes, a few poisonous and ill-tempered rascals give the whole tribe a bad name. I have always been dismayed by the wanton killing of snakes and spiders just because they happen to cross one's path.

The dangerous spiders are the black widow, brown spider and tarantula. The black widow is a glossy black with a body about two-fifths inch in diameter and a leg span of about 2 inches. The identifying feature is a red "hour-glass" mark on the underside of the abdomen. The brown spider, found in the south central states, is slightly smaller than the black widow and more poisonous. It has an oval body. Its color varies from light fawn to dark brown and there is a dark fiddle-shaped spot on its head. The tarantulas found in the United States are much less poisonous than those found in South America.

Although poisonous spiders are usually found outdoors they are sometimes encountered in dark closets, storerooms or cellar wood piles. A spider bite is extremely painful and is followed by muscular cramping, abdominal rigidity, sweating, vomiting and fever. Spider antivenom should always be given if the victim is a child or shows signs of acute poisoning. Local treatment of the bite has not been of much use because of the speed with which the venom is absorbed. Antispasmodics and antihistamines are helpful in relieving symptoms. Thiabendazole, the new drug that has worked so well in getting rid of all kinds of worm infestation, will destroy the venom if it is injected within 40 to 50 minutes after a bite.

WORLD ALMANAC FACTS

At an altitude of 12,500 feet, Lake Titicaca, between Peru and Bolivia, is the world's highest lake navigable by steamboat. The first steamboat to navigate on it was the Yavari, built in Scotland in 1862. In that year, the ship sailed from England to the Peruvian coast, says The World Almanac. There it was dismantled, carried up the mountains and then reassembled on the shore of Lake Titicaca.

Braves and Phils Spit Twin Bill

By RON RAPOPORT
Associated Press Sports Writer

Joe Torre, whose home run output once went up with his weight, has found he didn't need the extra pounds after all.

The big Atlanta catcher slumped down over the winter to around 205 pounds, about 10 below the weight he carried when he rose to National League stardom.

With three homers in the Braves' doubleheader split with the Phillies Wednesday, Torre showed that the streamlining hadn't hurt him a bit.

Torre knocked one over the left-field stands in the first game, which Philadelphia won 4-3. He added two more in the nightcap won by the Braves 7-2. Hank Aaron also homered in each game.

When Torre first came up to the majors he weighed in at around 205 and not until he went up to 215 three years ago, did he really break loose in the home-run and batting average department.

Still, Torre's managers nagged at him to lose a few pounds and this winter he finally did it. Now with a total of seven homers, 18 runs batted in and a batting average of .277 and rising, he can forget about going off that diet.

In other National League games Wednesday, Pittsburgh edged St. Louis 2-1, Los Angeles topped Houston 5-1 in 10 innings, Cincinnati beat New York 7-4 and Chicago edged San Francisco 5-4.

In the American League, Detroit beat Cleveland 4-2, Kansas City took Boston 7-4, Chicago pounded Baltimore 13-1 and California nipped New York 3-2.

The Phillies won the first game of their doubleheader on a wild pitch with the bases loaded in the ninth by Phil Niekro. Aaron's homers—the one in the first game was inside the park—gave him a total of seven for the season. Mack Jones also hit one out for the Braves in the second game.

Bob Veale went 8 2-3 innings for the Pirates and set the Cards down on just five hits. But the big right-hander walked two men in the ninth and needed Elroy Face to register the final out. Willie Stargell hit a two-run homer for the Bucs.

The Dodgers and Astros were knotted 1-1 in the 10th when with two out Willie Davis singled, stole second, came in on Ron Hunt's single and the rush was on. The other Dodger runs came in on Jim Lefebvre's double, a balk and a single by John Roseboro.

Floyd Robinson, John Edwards and Tony Perez each knocked in two runs as Milt Pappas won his third game for the Reds. Ken Boyer got his 2,000th career hit and Ed Kranepool and Al Luplow homered for the Mets.

Ford Sets

Stage for

N. O. Open

By BEN THOMAS

Associated Press Sports Writer

NEW ORLEANS (AP)—Doug

Ford, almost a name from the

past in golf although he's won

two of the major championships

—the PGA and Masters, thinks

he's just about over the first big

slump of his long career on the

fairways.

The 44-year-old pro, winner of

less than \$2,500 this year, carded

a sizzling six-under-par 66 in

the pro-am to set the stage for

today's first round of the \$100,000

Greater New Orleans Open Golf

Tourney.

Ford ranks ninth on the modern

era money list but he hasn't

won enough in the past 18

months to pay his expenses on

the tour. His 66 was one of the

best rounds he's had in a long

time and he shared first place

in the pro-am with young Ker-

mit Zarley, the onetime NCAA

titlist who has yet to win a tour-

namment.

Ford discussed Jack Nicklaus,

who's entered here, and then

turned to his own game.

"Usually when you drive bad-

ly you putt badly," said Ford.

"Of course, you put a lot of

pressure on your putter to make

up. You are usually missing the

green when you drive poorly

and then you are chipping up

and leaving yourself five or six

feet and you're putting a lot

more pressure on your putts."

Ford said Nicklaus "may

have lost his desire. He's won

everything.

"It's getting to be work for

him. He has other things he

likes to do and this interferes

with him." The veteran shot-

maker paused momentarily and

then added:

"But you wouldn't think that

with an airplane to drive you

around."

Ford, who hasn't tasted victo-

ry since the 1962 Canadian

Open, said he's been having the

same problem as Nicklaus.

"If I drive well, I play well,"

he said. "I went back to a put-

ter that I haven't used in over a

year and a half and it felt good.

You just never know. You know

a little thing like that — a put-

ter — can change your outlook

and you feel good about scoring."

Wednesday's Stars

By THE ASSOCIATED PRESS

B A T T I N G—Joe Torre,

Braves, rapped three home runs

in a doubleheader. His two shots

in the second game led Atlanta

to a 7-2 victory over Philadel-

phia. He also homered in the

opener won by the Phillies 4-3.

PITCHING—Tommy John,

White Sox, scattered six hits

and went the route in a 13-1

romp over the defending world

champion Baltimore Orioles.

Bonus Baby Bats K.C. to Victory

By HAL BUCK

Associated Press Sports Writer

Olive drab isn't Rick Mon-

day's best color but he fits into

green and gold just fine, thank

you.

Monday is the young outfield-

er who pocketed \$104,000 of

Charles Finley's pin money in

baseball's first free-agent draft

two summers ago and now looks

ready to pay off the dividend for

Kansas City's flashily dressed

Athletes.

He belted a homer and drove

in three runs for the A's

Wednesday night in a 7-4 victory

over Boston.

One month ago, with the sea-

son about to open, Monday was

just finishing an active duty

stint with the United States

Marine Reserves. He shifted

from fatigues to flannels fairly

easily and has just about

clinched a regular job in Man-

ager Al Dark's outfield.

That's something he didn't

have when he left the green and

gold for the olive drabs.

"The decision on keeping

Monday," Dark said when Rick

went on active duty, "will de-

pend a lot on whether he is in

good shape when he reports to

us."

Marine duties being what they

are, Monday stayed in shape

and returned ready to go. His

six extra-base hits and .254 bat-

ting average have Dark won-

dering whether boot camp

might not benefit some of the

other Athletics.

Elsewhere in the American

League Wednesday night, Tom-

my John hurled a six-hitter and

Chicago smashed four home

runs in a 13-1 romp over Balti-

more. Detroit dropped Cleve-

land 4-2 and California edged

New York 3-2.

In the National League, Cin-

cinnati stopped New York 7-4,

Pittsburgh downed St. Louis 4-1,

Chicago edged San Francisco 5-

4, Los Angeles ripped Houston 5-

1 and Philadelphia split a dou-

bleheader with Atlanta, winning

the opener 4-3 but dropping the

second game 7-2.

Monday drove in two runs

with a single in the third inning

as Kansas City wiped out an

early three-run Red Sox lead.

Then, after the A's had taken

the lead in the seventh on sin-

gles by Danny Cater and Dick

Green, Monday boomed his sec-

ond homer of the season.

The streaking White Sox won

their sixth straight with a 15-hit

attack highlighted by the long

ball.

Tom McCraw, Pete Ward,

Dick Kenworthy and Tommie

Agee smacked the homers and

John scattered six hits, losing

his shutout in the ninth on Curt

Bleary's homer.

It was the biggest offensive

output of the season for the

White Sox, who usually rely on

a Punch and Judy attack. The

Orioles dropped their sixth

straight and ninth in the last 10

games.

Willie Horton hammered a

two-run homer for the Tigers,

who won their sixth in a row

and stayed one half game in

front of the White Sox.

Mickey Lolich, who struck out

nine, needed ninth inning help

for Fred Gladding for the victo-

ry. Larry Brown homered for

the slumping Indians, who've

lost four straight and six of the

last seven.

Jose Cardenal opened the

ninth inning with a triple for the

Angels and after the Yankees

walked Jim Fregosi and Jimmie

Hall intentionally to set up a

force play, Rick Reichardt de-

livered the game-winning sin-

gle.

It was Reichardt's third hit of

the night and his second RBI.

Local Scouting Pack Spends Weekend at Camp Preston Hunt

Photos by Olen Overturf and Lynn Murphy with Star Camera

Recently the American Legion sponsored Cub Scout pack spent the weekend at Camp Preston Hunt in Texarkana. Mr. and Mrs. Dean Murphy furnished the bus for the trip.

Those attending were, front, left to right: Joe Bickerstaff, Roy Foster, Olen Overturf and Dick Overturf.

Second row: Mark Harris, Dick Harris, Jeffery Leggett, Edwin

Connelly, Dean Butler, Robbie Cox, Larry Butler, Ken Burke, Mark Burke, Ray Rogers, Dwayne Stone, Dwight Stone, Greg Butler, Dave Bramlett, Ted Tolleson, Harris, Jeffery Leggett, Edwin

Back row: Dr. Lowell Harris, James Connelly, Henry Burke, Cecil Rogers, Kenneth Stone, Jack Butler, Bob Tolleson, Robert Cox and Bill Jones.

Food was the order of the day when the youths arrived and everybody is busy.

Bob Tolleson and son Ted strolling and eating.

Naturally there was a little playing at mealtime.

Cecil Rogers and Kenneth Stone supervise a little cooking.

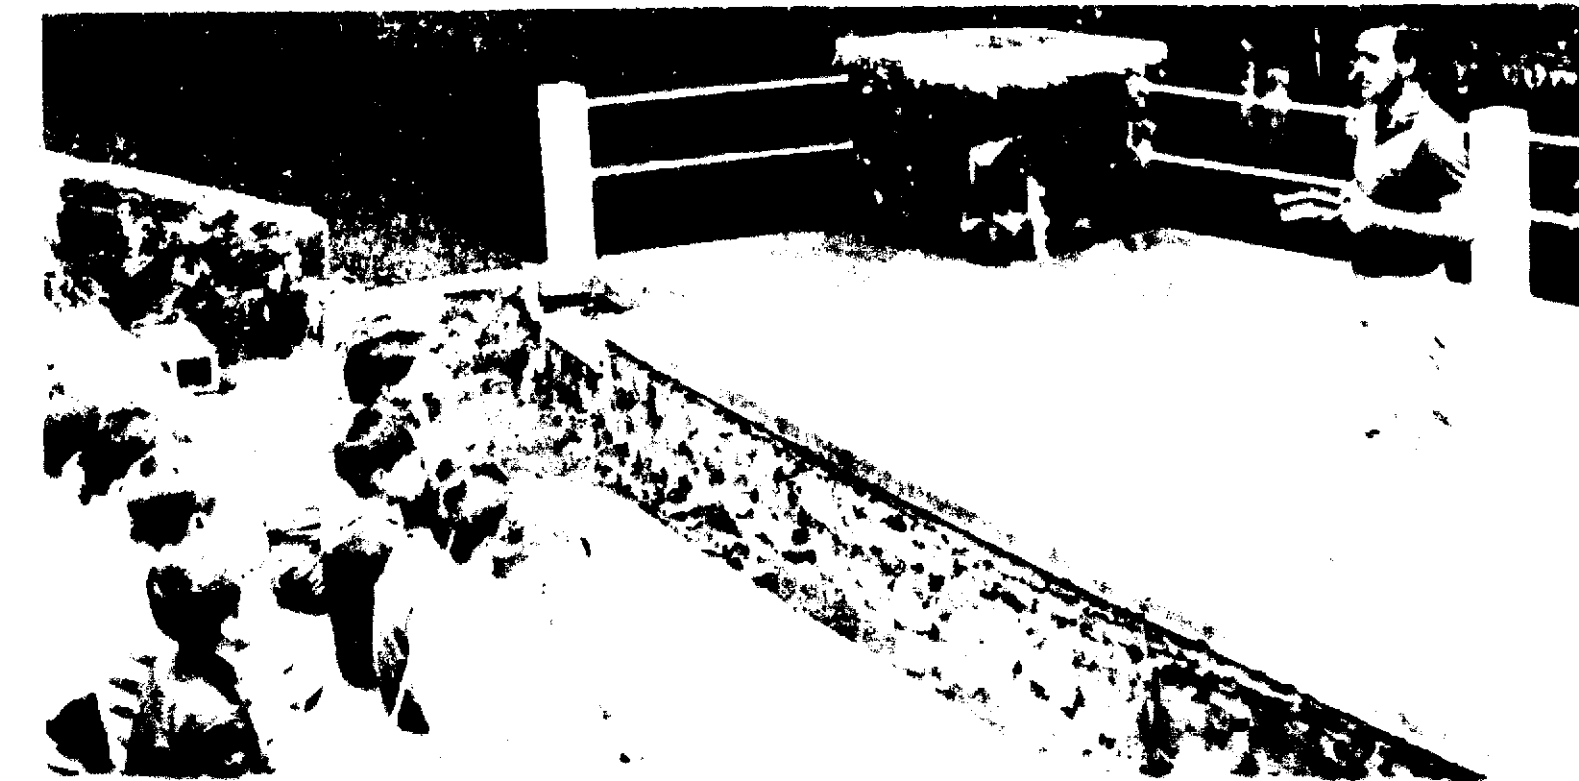

And game time was practically all the time.

The boys gather for some games.

Hiking in the woods is a boys game.

Services are conducted Sunday by Dr. Lowell Harris.

Brock Had Trouble With His Glasses

PITTSBURGH (AP) — Some batters have trouble hitting Bob Veale with his glasses on. Without them, Lou Brock didn't even try.

The Pittsburgh Pirate southpaw was on his way to notching his fifth victory and becoming the majors' winningest pitcher Wednesday night when he ran into lens trouble.

"I was wearing new glasses," explained Veale, "and I didn't have time to be fitted properly. The right lens kept popping out everytime I threw in."

By the third inning, Veale gave up on the glasses and prepared to go on without them, even though his uncorrected vision is poor.

But Brock of the St. Louis Cardinals had second thoughts about standing in against the glassless, 6-foot-6 fireballer.

Even after being ordered to step in by plate umpire Doug Harvey, Brock continued to dally outside the batter's box.

Finally, pitching coach Clyde King ran out with a pair of Veale's old glasses and Brock

stepped in. "I can't blame him," Veale said of Brock. "As a rule I see six people when I'm not wearing them."

Brock promptly became one of Veale's nine strikeout victims. Veale yielded five hits before giving way to Elroy Face with two outs and men on first and second in the ninth inning.

Face retired Roger Maris on a line drive to second baseman Bill Mazeroski to give the Pirates a 4-1 triumph and Veale his fifth victory without a defeat.

Veale's good start this year may carry him to the heights some have expected of him. When he broke in with Pittsburgh in 1962, some said he has the talent to be a 30-game winner. So far, he hasn't made it.

Relying mostly on a blazing fast ball, Veale had his best year in 1964 with 18 victories. He won 17 in 1965 and 16 last year.

Some of his early victories this year were shaky affairs, but he hasn't been hit hard. His current earned run average is 2.29.

Accidents

Greatest single threat to life for children ages one to four are accidents. About 5,000 preschool children are killed annually in accidents in the United States.

Receives Promotion

FORT BENNING, Georgia — Charles W. Purdie, right, son of Mr. and Mrs. Willie O. Purdie, Hope, Ark., was promoted to the rank of sergeant first class in ceremonies at the U.S.

Army Training Center, Infantry. He is assigned as a drill sergeant to D Company, 8th Battalion, 2nd Brigade. Extending congratulations in LTC Edward Matney, commanding officer, 8th

Battalion. Sergeant Purdie entered the Army in January 1956, and has served overseas with the 2nd Division in Korea. (U.S. Army photo.)

Southern State, JBU in Finals

PINE BLUFF, Ark. (AP) — The co-champions of the Arkansas Intercollegiate Conference were defeated in the semifinals of the District 17 NAIA baseball tournament Wednesday night.

John Brown U. and Southern State will meet in the finals tonight at 8 p.m. Ouachita and SCA will play at 5:30.

The tournament winner will play the winner of the OBU-SCA game this weekend in a best of three series to determine the district representative in the NAIA tournament.

JBU's Ken Farlin gave up only three hits. The Golden Eagles blanked Harding College, 1-0, in their first tournament game. Gardy Nichols, who scored the only run against Harding, homered against Ouachita.

Southern State's Phil Harrington had two hits and scored three runs. Jim Ethridge added three hits and Frankie Jones had two hits for the Muleriders. Phil Fulmer homered for State College.

"Pelican Island"

Alcatraz Island was named by the Spaniards "Isla de Alcatrazes," meaning "island of the pelicans," because large flocks of these birds nested there.

Astronauts Want to Get on With Job

By RALPH DIGHTON
AP Science Writer
DOWNEY, Calif. (AP) — The astronauts said, "Let's stop criticizing and get on with the job."

But outside, in the huge shop where the replacement for America's first, ill-fated moonship is being built, workers were wondering how long the job would last.

The scene was North American Aviation's space systems division, where the three astronauts chosen to make the first Apollo space flight held a news conference Wednesday.

Navy Capt. Walter M. Schirra Jr., who will command the earth-orbit practice mission now set for early 1968, said, "It is time for self-recrimination to end. We have a job to do."

That task — to send men to the moon and back, hopefully before 1970 — "will proceed with orderly haste," Schirra said.

The program was interrupted Jan. 27 when a launch pad fire killed three astronauts, Air Force Lt. Col. Virgil I. Grisom and Edward H. White II and Navy Lt. Cmdr. Roger B. Chaffee.

The House Science and Astronautics Committee concluded a lengthy hearing on the Apollo space program in Washington Wednesday and its chairman called on all involved to "go forward and get on with this job."

Chairman George P. Miller, D-Calif., said he was satisfied after hearing officials of the National Aeronautics and Space Administration tell of new safety precautions, and that "we — were the victims of overconfidence because of past successes."

"The best thing we can do now," said Miller, is turn from past mistakes and move ahead. The astronauts' news conference was called to introduce the new flight teams announced Tuesday and to disclose several changes made to forestall another cabin blaze. With Schirra were Air Force Maj. Donn F. Eisele and Walter R. Cunningham, a civilian.

Jonesboro Votes Bonds

JONESBORO, Ark. (AP) — Jonesboro voters passed a \$1,609,000 industrial bond issue Tuesday in a rather light turnout. No tax millage was asked.

The bonds, to be issued under Act Nine, are designed to aid the expansion of three Jonesboro industries. The expansion is expected to create about 300 new jobs.

Voters cast separate ballots on each industry.

Russia Ready for Moon Leading Try

MOSCOW (AP) — The Soviet Union may try to put its first man on the moon by shooting him into a moon orbit in a 15-ton spacecraft which would break orbit and land on the lunar surface, a Soviet space authority indicates.

Fifteen-ton spacecraft already have been tested, said Lt. Gen. Nikolai P. Kamannin. He apparently referred to the Soyuz 1 believed the heaviest Soviet space vehicle so far. Soyuz 1 crashed last month, killing pilot Vladimir M. Komarov, but the Soviets said unmanned Soyuz craft were successfully tested before Komarov's flight.

Writing in the bimonthly journal Earth and the Universe, Kamannin said a direct flight from the earth to the moon would require a far heavier spacecraft and more powerful rockets than any yet developed.

School Picked for ROTC Unit

LITTLE ROCK (AP) — The Rev. George Tribou, rector of Catholic High School of Little Rock, was notified Tuesday that the school has been selected for a Marine Corps Junior ROTC unit.

Rep. Wilbur Mills, D-Ark., notified Father Tribou and Lt. Gen. Sid McMath of the Marine Reserve. Mills said the school will be only one of 10 high schools in the country to have a junior unit.

HELEN HELP US!

by Helen Bottel

YOUTH ASKED FOR IT!

This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us, it welcomes laughs but won't dodge a serious question with a brush off.

Send your teenage questions to YOUTH ASKED FOR IT, care of Helen Help Us! this newspaper.

DATE TAPER WILL SOON HAVE NO TAKERS

Dear Helen: Last weekend I was asked out by this popular guy. He was everything a girl could want, I thought.

I didn't want to look like a dud, so when he asked me if I'd have a drink I figured "one" wouldn't hurt. I must admit it was more than one. But that's no excuse for what he did. Not that we were really immoral, but I got stoned, and said and did some stupid things.

Well, he had a tape recorder in the back seat, and during our drinking, he managed to turn it on. Today he played me a little part of it. So now I have a choice; either get laughed out of school, or "bribe" him out of the tape. What else can I do?—HORRIFIED

Dear H: Tell "Taping Tom" he'll either erase the evidence in your presence or it will be all over school he makes recordings of his dates. . . and then he'll make no more records with the damsel! This verbal voyeur should have his word machine bashed over his head!

P. S. Force yourself to sit through the playback before he erases. I guarantee you'll never forget its sermon on the dangers, ignorance, ridiculousness, immaturity and total stupidity of teenage drinking!

Dear Helen: Well, it started a week ago. This boy wrote me a love note and I thought, "Oh, Boy, he's mine!" Next day he wrote another girl asking if she liked him. Along came a note to me saying "You're a good friend, and if I didn't like HER, you'd be the ONE."

Then the very next day, he found out the other girl never liked him, so now he wants me back. Should I be second choice, because he's first on the list with me? —ALTERNATE GIRLFRIEND

Dear A. G.: Why not? But keep

it on a "good buddy" basis, and let him know you're shopping around too.—H.

Dear Helen: I was going to stand up with my best friend at her wedding. She wanted to buy me dress, but because I make my own clothes, she got material for me instead. It's beautiful stuff and I love it.

The wedding plans fell through. So now I have the material, and don't know what I should do: Return it? Offer to pay for it? I wouldn't want to wear the finished dress in front of her as it would bring back bad memories. She doesn't sew and probably would never use the yardage.—SEW UNDECIDED

Dear Sew: Why not ask your friend whether she has any plans for the material, and if not you'd like to buy it. But be sure you make it up in an entirely different pattern . . . and wear the dress where she "isn't".—H.

Dear Helen: I'm dating a girl whose parents are definitely against me, not because of me, but because her uncle was killed several years ago by a Mexican, and I'm Latin-American. She has assured me that if they knew me they'd feel different, but this is only an assumption and cannot be taken for granted.

I've been sneaking out with her but my conscience bothers me. I know she really likes me or she wouldn't take these chances. How can I continue to take her out without running the risk of getting caught and proving to her folks what they already believe? —CONFUSED

Dear Con: Give them a chance to know you by visiting their daughter at home. If she paves the way with a good build-up, and they aren't completely prejudiced, I think you'll soon be accepted for what you are.—H.

This column is dedicated to family living, so if you're having kid trouble, or just plain trouble, let Helen help YOU. She will also welcome your own amusing experiences. Address Helen Bottel in care of Hope Star. Copyright, 1967, Inc.

Mt. Etna, the still-active volcano on the east coast of Sicily, has erupted 135 times, according to the Encyclopaedia Britannica.

PARTS SMALLER than a pinhead in this thimble-sized device help users of two-way radio meet new Federal Communications Commission frequency standards. The device uses micro-miniaturized circuits to do the work of ordinary circuits occupying two and a half times more space. This particular device is used in a new Integrated Circuit Oscillator Module made by General Electric.

Her Pledge Has Been Fulfilled

SEATTLE, Wash. (AP) — Nineteen years ago when Ana Tokita was widowed and left virtually penniless she made a vow — to see that her eight children attended college.

Her pledge fulfilled, Mrs. Tokita was presented the Japanese American Citizens League's first Mother of the Year award Tuesday night.

In 1948 Mrs. Tokita and her husband leased a small downtown hotel. When the arrangements were completed they had \$7 left. Within seven months he had succumbed to an illness.

"I'll make it on my own," a daughter, Mrs. Henry Hashimoto, recalls her mother saying when she turned down welfare aid because she feared it would reflect upon her children.

The five sons had summer and part-time jobs.

One son earned his master's degree and is an aeronautical engineer, two others attended college for two years and then joined the Air Force.

One daughter has a degree in interior design. Two other daughters attended classes for two years. Two sons are still in school.

The island of Guam was discovered by Magellan in 1521.

Can't Stop Probe, Says Garrison

NEW ORLEANS, La. (AP) — Dist. Atty. Jim Garrison said "there's no way in the world" to stop his investigation of the assassination of President John F. Kennedy.

"All they can do is slow it down," Garrison said after a series of developments Wednesday.

These included:

- A request for a subpoena directing the Central Intelligence Agency to produce what Garrison claims is a long-suppressed photo of Lee Harvey Oswald, named by the Warren Commission as the assassin of Kennedy.
- Refusal by the Justice Department to permit an FBI agent to testify before the Orleans Parish grand jury on his role in the investigation of the 1963 assassination.
- A report of a tape recording which purportedly indicated a bribe had been offered for a statement to help substantiate Garrison's probe.
- The application for the subpoena called on Richard Helms, CIA director, to produce before the grand jury a "true photograph" of Oswald and a burly Cuban which Garrison says was taken in front of the Cuban Embassy in Mexico City.
- Garrison contends the photo was suppressed and a "fake photograph" was submitted in evidence before the Warren Commission.

El Dorado Calls Road State Bypass

EL DORADO, Ark. (AP) — Former state Rep. Donald Brown of El Dorado, chairman of the Arkansas Highway 82 Association, said Wednesday a toll road through western Arkansas could be called "the Arkansas bypass."

Brown said he felt further consideration should be given to the building of a turnpike through central Arkansas before the Arkansas Turnpike Authority approves the western Arkansas route.

Brown said the effort to sell Arkansas on building a turnpike through the western part of the state is "amazing."

He said he had not heard a logical reason why the proposed western route would be of greater benefit than a central Arkansas route.

"We would use a selfish attitude in South Arkansas if we did not consider a north-south turnpike through Central Arkansas to be more beneficial to the majority of Arkansas citizens," said Brown.

The Highway 82 Association was formed several years ago to improve the highway.

One-tenth of the earth's land surface still lies hidden beneath ice.

SOLUNAR TABLES

By JOHN ALDEN KNIGHT

The schedule of Solunar Periods, as printed below has been taken from John Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major Periods are shown in boldface type. These begin at the times shown and last for an hour and a half or two hours thereafter. The Minor Periods, shown in regular type, are of somewhat shorter duration.

Use Central Standard time.

DATE	DAY	A.M. Minor	A.M. Major	P.M. Minor	P.M. Major
11	Thursday	5:55	—	8:05	12:30
12	Friday	6:35	12:40	9:40	1:20
13	Saturday	7:15	1:35	10:20	2:15
14	Sunday	8:20	2:35	11:00	3:15

Manslaughter Case to Jury

BATESVILLE, Ark. (AP) — Pros. Atty. David Hodges said Wednesday he thought the voluntary manslaughter case of Clyde Griffin of Neward would go to the jury this afternoon.

It is the fourth trial for Griffin. He is charged in connection with the deaths of Mr. and Mrs. Kelly Wyatt.

The Arkansas Supreme Court overturned a voluntary manslaughter conviction against Griffin in a previous trial. The conviction was overturned because of a trial court error. The conviction was in connection of Mrs. Wyatt. A hung jury was the result both times.

It was indicated that Griffin would testify in his own behalf today. The prosecution concluded its case before noon Wednesday.

Nobody Really Knows What TFX to Cost

By BEN PRICE

WASHINGTON (AP) — If anyone knows what the Pentagon is really paying for the controversial F111 all-purpose aircraft, once called the TFX, will he please stand up?

The Pentagon said Wednesday it had signed a \$1.82-billion contract with General Dynamics Corp., of Fort Worth, Tex., for 493 of the swing-wing F111s.

That figures out to \$3.7 million each, but it doesn't include such things as an engine, weapons control system or electronic navigation systems.

The contract also doesn't cover what the Pentagon calls certain modifications.

In the Navy version, certain modifications mean redesigning the nose and pilot capsule, moving the landing gear eight inches, building high lift wings and redesigning the tail.

Air Force Secretary Harold Brown told the House subcommittee on defense appropriations the flyaway cost of the tactical Air Force's F111A would be about \$5 million each — not counting the cost of a new engine and new electronic gear.

As for the Navy's F111B, Brown said in March 13 testimony released May 4 that each would cost somewhere around \$8 million, while the Strategic Air Command's FB111s would cost \$5.2 million each.

The Pentagon contract announcement said 331 of the F111s were for the tactical Air Force, 64 for the Strategic Air Command, 24 for the Navy, 50 for the United Kingdom and 24 for Australia.

That multiplies out to about \$2.6 billion plus the cost of all those other things.

A Pentagon so-called fact sheet declared "commonality between the Air Force and Navy versions continues to run from 70 to 80 per cent."

Charters of 5 Spa Clubs Are Lifted

LITTLE ROCK (AP) — Atty. Gen. Joe Purcell said Tuesday the charters of five private clubs in Hot Springs were revoked because the clubs had violated state gambling laws.

Purcell said the hearings for the five clubs were scheduled Tuesday in circuit court at Little Rock. One of the clubs had representatives present.

He identified the clubs as the Ohio Club, Inc., the Business and Professional Men's Club, the Anchor Club, the Citizen's Social and Rex's Steakhouse Club.

Purcell said the Turf Business and Professional Men's Club is seeking a hearing on the proposed revocation of its charter. Purcell said Coy's Club has voluntarily dissolved its charter.

The destruction of gaming equipment seized by State Police in raids at Hot Springs was also ordered by circuit court.

Meet Does Not Bring Unity

VIENNA (AP) — Nicolae Ceausescu, Romanian Communist party chief who stayed away from the recent European Communist conference, says solidarity does not depend on participation in a conference.

Romania and Yugoslavia both skipped the meeting at Karlovy Vary, Czechoslovakia, which the Soviet Union had hoped would prepare the way for a world Communist congress that would take a strong stand against Red China.

In an article in his party organ, the Scintila, Ceausescu reaffirmed Romania's independence in the Moscow-Peking feud and said name calling and invective have no place in debates on problems between the two capitals.

Romania's absence from the meeting appeared partly motivated by a desire to avoid a dispute with West Germany, Ceausescu's government has established diplomatic relations with Bonn.

Trade Talks Somewhat Improved

By CARL HARTMAN

BRUSSELS, Belgium (AP) — Prospects for a Kennedy Round agreement to lower world trade barriers improved today after the United States and the European Common Market gave up trying to regulate the international grain trade by treaty.

Grain trade was one of the major issues blocking agreement among the negotiators in Geneva for 53 nations, who face a Sunday deadline. Other unresolved disputes center on tariffs on other farm products, chemicals and steel.

The six nations of the Common Market had sought detailed regulations on sharing the world's grain markets and on price supports for grain farmers. They deadlocked on the question of how much they should promise to import.

As a compromise, the United

States proposed that each nation continue to control its own grain crops and its foreign trade in grain, taking its chances in competition on the international market. Representatives of the Common Market nations — France, West Germany, Italy, Belgium, the Netherlands and Luxembourg — agreed at a meeting in Brussels Wednesday night to go along with the U.S. proposal.

Sicco L. Mansholt, chief farm executive for the Common Market, told newsmen: "Ours was a long-term political solution. The Americans have a hard, short-term commercial solution. If it is settled on this basis, our farmers will be very glad."

An international treaty would have frozen farm subsidies and limited the power of farm organizations to affect national policies on price supports and acreage. The U.S. Congress might have vetoed such a proposal.

The United States had sought a guarantee that the Common Market would continue to import 13 to 14 per cent of its grain needs, as it has in the last three years. Jean Rey, the market's

chief negotiator in Geneva, was prepared to pledge imports of 10 or 11 per cent.

Irwin Hedges, the chief U.S. negotiator for agriculture, said in an interview in Geneva: "What the Common Market proposed would have led to instability, not stability in world markets."

Rey gets his final instructions from the Common Market council today and returns to Geneva for the windup of the Kennedy Round negotiations.

After nearly five years of negotiations, there still is a possibility the Kennedy Round may fail altogether, although Rey told newsmen Tuesday he saw good chances of success.

The negotiators have agreed that unless the last issues are settled by Sunday, there will be no time to complete the job. President Johnson's authority to slash American tariffs as much as 50 per cent expires June 30.

Chichester to Reach Knighthood

LONDON (AP) — The accolade of knighthood is to be bestowed upon Sir Francis Chichester, 65, after his return to

The Negro Community

By Ester Hicks
Phone 4678 PR4474

The Cavehill Cemetery Association has appointed Mose Yerger and Willie (Job) Brandon as collectors for the annual dues, beginning June 1st, 1967. All persons having lots in Cavehill and graves pay your dues to one of these collectors.

For further information relative to this matter, you may call Mrs. Edna Conway, PR7-3589 or H. L. Washington, PR7-3469.

England later this month.

Buckingham Palace made the announcement Monday and said Queen Elizabeth II would use a sword given Sir Francis Drake some 300 years ago.

Chichester, 65, in his yacht Gipsy Moth IV, is expected to complete his single-handed circumnavigation of the world about May 20.

Wire Products Bond Issue But No County Tax

Next Tuesday, May 16, Hempstead county citizens will go to the polls in a special election to vote on a bond issue which will put up a new factory building for Hope Wire Products Co.

As you know from similar issues you have supported in the past such revenue bonds are authorized by Amendment 49, permitting a 5 mill tax which however is not actually levied.

But evidence of tax support in an emergency is required to make the bonds marketable, hence the election call. Actually the bond issue in all probability will be paid off under the terms of the building lease contract between the county and Hope Wire Products, eliminating any burden for the taxpayer. Even in the event of a disaster the county would acquire a modern building with real asset value, with the likelihood that some other industry would assume the lease contract and head off any actual tax levy.

Practically all the enterprises aided with Amendment 49 bond issues throughout Arkansas have fulfilled their contracts without cost to local taxpayers. Even in the case of one notable failure at El Dorado when the Union County government had to take title to a factory building the citizens escaped paying tax because another industry stepped in and took over the lease.

Hope Wire Products came to Hope a decade ago as a new southern division of the parent firm at Holland, Mich., is by this time a well known local plant and deserves the full confidence and support of our county on election day next Tuesday. With the building which the bond issue will make possible Hope Wire Products can expand its operations and create additional jobs here.

This is the last of Amendment 49 bond issues for Hempstead county until one of the existing contractors "pays out." For the Hope Wire Products bond issue will take up the last potential of the 5-mill tax underwrite covering all issues.

Previous bond issue contracts were approved by the voters for Delight Egg, Meyer Bakeries, and Standard Generator. A fine collection of varied and successful local industries. And Hope Wire Products will be welcomed into this group come election day next Tuesday.

Denies Pressures for Merger

LITTLE ROCK (AP) — Col. Herman Lindsey, director of the State Police, denied Wednesday there was any political pressure in the merger of the Interstate Patrol Division of the State Police with the Highway Patrol Division.

He said the decision to merge the units was an administrative one. He said Capt. Kenneth McKee, who commands the Highway Patrol, will command the new division.

Lindsey said Maj. Melvin DeLong, the head of the Interstate Patrol, will be concerned with the highway safety program. He said the merger would be completed no later than July 1.

Wife Charged With Murder

PARAGOULD, Ark. (AP) — Deputy Pros. Atty. Howard Mayes filed first degree murder charges Wednesday against Mrs. Joan Cudd, 25, of Marmaduke.

The charges were filed in Greene County Circuit Court. Mrs. Cudd is charged in the shooting of her husband, Donald Allen Cudd, 27, of Marmaduke. Cudd was shot to death at his home Tuesday night.

80 Eligible for Post Aid

LITTLE ROCK (AP) — Jimmy Woodard, executive director of the state Department of Aeronautics, said Wednesday that 80 Arkansas cities were eligible for federal airport aid.

Woodard said the state received \$1.4 million Federal Aviation Agency matching funds last year. He said an expenditure of about \$4.3 million through 1972 would provide Arkansas with a good system of airports.

Woodard said the expenditure would include the construction of 21 new airports.

Psychiatrists Can't Guarantee Against a Bad Trip on LSD

By JOHN BARBOUR
AP Science Writer

DETROIT (AP) — There is no guarantee against a bad trip for the person who takes an LSD ride through the contorted scenery of his own eyes and mind, psychiatrists reported today.

Bad reactions are characterized by continuing hallucinations, anxiety and panic, depression with suicidal tendencies, and by confusion.

The wayward LSD user usually shows up at a hospital in trouble, the researchers told a meeting of the American Psychiatric Association.

"There are some increasingly believed myths about ways to insure a 'good' trip on LSD," said Drs. J. Thomas Ungerleider and Duke D. Fisher of UCLA's Neuropsychiatric Institute.

Among the myths: Stay in a calm frame of mind. Have one or two good friends, or an experienced sitter or guide handy.

Take the trip in a room with soft lighting and a thick carpet or mattress to sit on.

Listen to Indian music and phrases from the "Tibetan Book of the Dead," or have a powerful tranquilizer on hand.

Unfortunately, said the UCLA researchers, people who take these precautions still end up in hospitals with bad LSD reactions.

The UCLA team compared the experiences of a group of patients in the hospital with an outside group that also took LSD for religious purposes.

The outside group which met in suburban Los Angeles called themselves "The Disciples."

They were trying to sell the

idea that the unlimited use of LSD was a good thing. They said they were all a "bunch of ex-convicts and criminals" before they began using LSD.

The hospitalized patients included some who had used the drug up to 100 times before having an adverse reaction. It included people who took the drug at parties and those who took it alone.

One of the disciple group had claimed at an initial interview to have had nothing but benefit from LSD. But 10 months later his wife told psychiatrists that he had quit his job, was staying away from home, refused to eat anything colored red, and threw everything red out of his home.

Local Girl Scouts Honored

Eighteen Girl Scouts from Hope were honored at the Conifer Girl Scout Council Cookie Sale Awards Brunch in Texarkana for their exceptional salesmanship. Nearly 250 girls were eligible to at Scouts who have sold 75 boxes of cookies or more.

Five girls — Donna Petre, Debbie Petre, Betty Honeycutt, Shirley Snyard, and Donna Cox sold over 100 boxes. Others who received certificates for selling 75 to 100 boxes were Gerri McKamie, Georgia McKamie, Cindy Schenker, Marjorie Branch, Mary K. Young, Linda Lindsey, Kathryn Quillin, Dana Flowers, Anita Hogard, Charlene Gilbert, Kelly Cathey, Paty Burch, and Vicky May.

Junior Scout Jane Carrie Patrick of Magnolia received the traditional cookie cup with her name engraved on it to keep for one year as her award for being the champion cookie seller of 1967. She also received a full campership to an established camp. The second highest individual seller was Laura Jo Moore of Texarkana, last year's cookie cup recipient. Both girls became the first recipients of the 500 club award and were given miniature trophies.

The newly organized Brownie troop 169, New Boston, Mrs. Robert Ensey, leader, won the top troop award, Junior troop 61, Atlanta, Mrs. Langston Pyle, leader, and Junior troop 76 of Texarkana, Mrs. George Creamer, leader, tied for the second highest troop award.

Mrs. LeRoy Autrey was in charge of the brunch arrangements and Mrs. Truman Hobbs served as mistress of ceremonies. Senior Scout Kay Scheflein led the group singing and the program featured music by The Rebels. Awards were presented by Mrs. Hobbs, Mrs. Paul Thompson, and Mrs. A. A. Melde, 1967 cookie sale chairman.

Mrs. Chatten Haynes of Camden, president of Conifer Council, was a special guest. Proceeds from the annual cookie sale becomes the council's capital fund from which campsites are maintained, improvements made, and special events, and training equipment not covered by operational funds is purchased.

Advance tickets are on sale at the Roy Anderson Insurance Agency or any member of the Hope Jaycees. Tickets may also be bought at the door Saturday night.

Tuesday May 16 next Tuesday is Election Day in Hope. It will be a day on which citizens will be voting on the proposal for Hope Wire Products to provide a new building in order that they can increase production and employment in Hope.

Ten years ago, Earl Ragains, President of the parent company in Holland, Michigan, came through Hope partly on vacation and partly on a trip to seek out a southern location for the expansion of their Holland plant.

He visited several other towns in the area including some in Louisiana and we were fortunate in that we had an available building that would fit their needs at that time. He liked what he found in the building and also the people that he met. A short time later he came back to Hope, along with another official of the company, and around the conference table with Chamber of Commerce and City officials they made a deal to start Hope Wire Products in Hope.

They started out with some 25 to 30 employees and at present they have about 50, which is just about all that can be used in the present location and there is no way to expand this building other than straight up and that would be very unsatisfactory for their operation.

The new building will be 120' x 240', all on one floor and the location on the Hempstead County Industrial Foundation Site will be such that both rail and truck facilities will be available. The site on which the new building will be constructed will be large enough to take care of future expansion should the need ever arise.

The County bond issue will be voted under Amendment No. 49 and will be the last of Hempstead County's allowable 5 mills under this procedure. By allowing 5 mills we mean that when the amendment was passed each county within the State of Arkansas was allowed to use 5 mills for industrial development. It is necessary to vote and levy the millage but it is never collected unless the industry defaults in its payment to retire the bond. Rental payments set up in the lease agreement are used to pay off this issue and to make it safer, one year's principal and interest is withheld from the issue and placed on deposit at the beginning, to be used in case of a default. By handling it in this manner, voters are assured that no taxes could be collected earlier than 2 years after a default which would give a County and Industrial Foundations officers ample time to make disposition of the property.

This is the same type bond issue under which funds for Delight Egg Company (now Hope Eggland) and Standard Generator was voted. Those two companies used 3 1/2 mills of our allowable 5 mills and Hope Wire Products will use the other 1 1/2.

Chamber of Commerce and Hempstead County Industrial Foundation Boards have the utmost confidence in Hope Wire Products Company and they are supporting this issue wholeheartedly.

Research Funds

WASHINGTON (AP) — Funds to set up a rice research center and to finance research into rice production were requested Wednesday by Rep. Speedy O. Long, D-La.

Another U.S. Ship Scraped by Russians

WASHINGTON (AP) — Ignoring warnings, a Soviet warship brushed against the U.S. Navy destroyer Walker early today in a second incident of confrontation between American and Russian ships on the high seas, the Pentagon said.

The Walker was scraped by another Soviet ship Wednesday. Today's incident occurred in the same general area of the Sea of Japan, about 300 nautical miles west-southwest of the Japanese island of Hokkaido.

"The incident occurred when the Soviet destroyer turned into the Walker, despite the latter's warnings," a Pentagon statement said.

The Pentagon said the collision occurred at 1:33 a.m. EDT. As in Wednesday's bumping together of destroyers, "there were no casualties and only light damage was reported," the Pentagon said.

The Soviet ship, not identified by name, was described as a destroyer of the Krupnyy class. The Walker, along with two other destroyers and the aircraft carrier Hornet, have been undergoing antisubmarine warfare training maneuvers in the Sea of Japan.

Wednesday, another Soviet destroyer — not the one involved in today's incident — made several close sweeps toward the American task group, coming as near as 50 feet on two occasions and finally bumping up against the Walker, causing minor damage.

The United States officially protested to the Soviet government over the first incident and was expected to file another complaint as a result of today's collision.

Sources view the Soviet actions as harassment. The situation has taken on grave tones in view of the Vietnam war. Russia is a major supplier of war materials to North Vietnam.

The Pentagon said the Soviet destroyer harassed the Walker and three other American ships for 90 minutes before the collision.

The Walker and two other destroyers, the Davidson and the Taylor, along with the carrier Hornet, were in training maneuvers as an antisubmarine task group in international waters off the northern tip of the Japanese island of Hokkaido, the Pentagon said.

The Soviet ship ignored several warnings against coming too close to the American ships, the Defense Department said.

It added that the Bessledny, a 425-foot destroyer, apparently wanted to observe the training. The Defense Department said the Soviets, including two within 50 feet.

John M. Leddy, assistant secretary of defense, said the incident was "a serious violation of international law."

Priority to Turnpike Plan Urged

FORT SMITH, Ark. (AP) — Rep. John Paul Hammerschmidt R-Ark., has written Gov. Winthrop Rockefeller and members of the Arkansas Turnpike Authority, urging them to give top priority to a turnpike through western Arkansas.

He said he did not think a study of statewide toll road prospects should be made at this time.

"Time is an important asset we must consider," Hammerschmidt said in the letter. "Our neighboring states are taking action which demands we start acting."

Hammerschmidt called for immediate planning money for the western route.

"The initiative of this western Arkansas group has given the state and its proposed project an important lead time in toll facility planning," said Hammerschmidt in the letter. "If we move rapidly Arkansas can complete with the Oklahoma threat which would siphon off potential economic development and tourism."

McClellan Says TFX Cost Will Likely Be Closer to \$12 Billion

By JACK BELL
WASHINGTON (AP) — Sen. John L. McClellan predicted today the Pentagon would pay up to \$12 billion to get 1,300 F111 planes in the air — double the cost defense officials once estimated for 1,700 of the controversial aircraft.

The Arkansas Democrat coupled his prediction with a demand that the Air Force supply details of the \$1.82 billion contract it signed Wednesday with General Dynamics Corp. of Fort Worth, Tex., for 493 of the all-purpose planes, once known as the TFX.

McClellan, chairman of the Senate Investigations subcommittee, said the Pentagon originally estimated it would cost \$5 billion to \$6 billion for 1,730 planes. "But I do know it is going to cost from \$10 billion to \$12 billion to get 1,300 planes in the air," he said in an interview.

The Air Force F111s will cost \$3.7 million each but this does not include the engine, weapons control system of electronic navigation systems.

The F111 was ordered developed by the Air Force.

All-Night Prom Frowned on by Officials

Superintendent James H. Jones and Principal Grady Cathey spoke at a combined group meeting of the Junior and Senior Classes of Hope High School Wednesday morning concerning the annual Junior-Senior Prom activities.

"I would like to strongly recommend that you eliminate the all-night prom idea and let your activities end at a reasonable hour after the prom. I further recommend that you eliminate going to the lake on Saturday or any other unorganized or unsupervised activity. If you think you have to go, go in small groups and have parents or other responsible adults to supervise," possible adults to supervise.

"I have felt this way for some time, not just this year. You can have a good time without all night long and Saturday activities, so I do not feel that you would be penalized by pursuing a more moderate course for this night. This is for your safety and welfare."

"Please tell your parents what I have said, and make an effort to take our recommendations and advice," stated Superintendent Jones.

Principal Cathey went on to explain that dates must be a junior or senior from Hope High School, and that only parents will be allowed in the building that night, except for invited guests.

All Around Town

By The Star Staff

A empty house at 606 West 4th Street burned to the ground about 3 a.m. today, the owner, Fire Chief James Cobb, said a family had just moved out and he was getting ready to make some repairs on the rent property. It was a total loss. Firemen also reported a horse stall blaze at Fair Park yesterday but very little damage resulted, cause of either blaze could not be determined.

Army Pvt. First Class James W. Johnson, 19, son of Mrs. Osie Johnson of Hope, Ark., completed the Infantry School's three-week airborne course at Fort Benning, Ga. recently. . . his training, which included five jumps from a C-130 flying 170 miles an hour at an altitude of 1,250 feet, qualified him as a parachutist. . . he also underwent strenuous physical conditioning. . . and William R. Easterling, SFM2, is home on leave after seven months Far East tour of duty of which four months were spent in the Mekong River Delta in Vietnam. . . future duty will include a three weeks survival school in San Diego, Calif. and a year of shore duty at Da Nang Vietnam. . . he is the son of Mrs. Tommy Lutzader of Hope.

E. J. Whitman, chairman of

274 American GIs Killed in a Week

SAIGON (AP) — U.S. military headquarters today reported a sharp rise in American and enemy dead last week resulting from battles just below the demilitarized zone.

The weekly casualty report said 274 Americans were killed in action, equaling the previously weekly high recorded six weeks before. The U.S. Command said 1,903 enemy were killed, 751 more than the week before although not a record.

A total of 1,748 Americans were reported wounded last week, and 18 were missing or captured, the U.S. Command said.

The rise in casualties resulted from hard battles in the northernmost provinces, where U.S. Marines have been fighting off repeated Communist attacks launched and supplied from nearby bases in the jungle and in North Vietnam.

While B52 bombers continued to pound those enemy bases in the northwest corner of South Vietnam, the Marine battlefront shifted 100 miles southeast Wednesday. In an eight-hour battle 25 miles southwest of the big U.S. base at Da Nang, the Marines reported killing 117 North Vietnamese regulars. Marine casualties were 19 dead and 72 wounded.

The U.S. Command said about 175 men of the 3rd Marine Regiment hit a force of perhaps 300 North Vietnamese dug in on a 300-foot hill. About 300 more Marines quickly joined the fight and with artillery and air support battled the Communists until the Leathernecks took the hill.

One of the air strikes accidentally hit a Marine company, killing three Leathernecks and wounding 17.

U.S. spokesmen reported bloody engagements at scattered points in which it said a total of 278 Communists were killed.

The spokesmen said a Communist battalion was caught in the open this morning only about 30 miles northwest of Saigon. The first sudden strike by U.S. jets killed an estimated 53 Viet Cong, and throughout the day 23 more jet strikes were poured into the wooded area.

The Air Force reported catching another group of Reds in the open in the northern province of Quang Tri Wednesday and killing 45 of them.

The Air Force also reported the loss of an F100 Super Sabre jet to Red ground fire Wednesday, the 174th plane lost to enemy action in South Vietnam. The pilot was killed.

Communist gunners also downed a troop-carrying helicopter in which three soldiers were injured. At least three more choppers were shot up and several more were slightly damaged in the Mekong Delta when their rotors set off Communist pressure mines in a landing zone.

U.S. headquarters reported that photo reconnaissance of Wednesday's raids against two power plants in the Halphong area showed excellent results.

A spokesman said one power plant, just outside the city, was no longer serviceable and the other inside the city was badly damaged.

Demonstrators Again at the Pentagon

WASHINGTON (AP) — Anti-war demonstrators, carried bodily from the Pentagon Wednesday night, re-entered the Defense Department headquarters building today and resumed a vigil that began Tuesday afternoon.

Officials made no attempt to obstruct their entrance to the Pentagon shortly after the building was opened about 7:30 a.m.

The 17 demonstrators had spent a chilly night wrapped in sleeping bags on a stone ledge near the Pentagon entrance facing the Potomac River.

Despite their protests, government police restricted the demonstrators to a smaller area than they had occupied previously.

Susan Turner, Hendrix College freshman from Hope, was one of 25 freshman women included into the Sophomore Council Tuesday at Hendrix. . . members are chosen for their leadership, school activities, personality and cooperation fellow students. . . the minimum grade average requirement is 2.00 . . . she is the daughter of Mr. and Mrs. McDowell Turner of 1001 South Walnut St., Hope.

Vance Bledsoe, Rt. 1, Hope, was a member of the spring class of Masons who took their 32nd degree work this week at the Albert Pike Memorial in Little Rock.

Inescapable Doom Looms Over Aden

By MICHAEL GOLDSMITH
ADEN (AP) — This ancient British trading station and military base is living out its last months of British rule with a sense of inescapable doom.

Daily bomb explosions, waves of violence, murders and gun battles in the murky back streets—all have become part of the normal pattern of life and pointers to the future.

The Indian and Arab merchants who grew rich off the troops and tourists in Aden's Steamer Point shopping area have stopped ordering new stock. They no longer bother to wipe the dust from their piles of cheap cameras and Japanese radios. No one repairs the windows shattered by terrorist hand grenades.

Law and order have become largely theoretical. Political murders average 10 per week and crime investigation is virtually at a standstill. Most Arab police inspectors have been killed and their British colleagues generally speak no Arabic.

British magistrates still function, but no jury dares to hand down a conviction for a serious crime.

In Government House, the sprawling hilltop residence of Aden's colonial governors for a century, policy planners pay lip service to the British-sponsored South Arabian Federation. But no one seems to believe the federation can survive many weeks after British rule ends next year.

"What's the use trying to break our heads—and getting shot at in the bargain—over what will happen here after we leave?" one British official said with a shrug.

Officials and merchants, taxi drivers and beggars, hotel managers and shoeshine boys, all

Poultry Cooking Contest

Delores McBride photo with Star Camera

MRS. JIM DANIELS AND N.B. COLEMAN

Dodd Censure Due May 22

WASHINGTON (AP) — The sole business of the Senate beginning May 22 will be a resolution to censure Sen. Thomas J. Dodd for financial misconduct.

The Senate's bipartisan ethics committee unanimously recommended April 27 that Dodd, a Connecticut Democrat, be censured for allegedly diverting to his personal benefit at least \$116,083 in campaign and political testimonial funds and for collecting travel expenses from both the Senate and private organizations.

The World War II siege of Stalingrad lasted 166 days.

Mrs. Jim L. Daniels, of Hope, discusses with N. B. Coleman, Chairman of the District Poultry Festival, her plans for entering the Poultry Cooking Contest Saturday, June 10.

Mrs. Daniels was an outstanding 4-H club member in Bradley County before marrying Jim and moving to Bodcay in 1965. She says she loves to cook and has planned an easy-to-prepare dish for the contest. Her family has been in the broiler business and she is interested in promoting the preparation and serving of poultry products.

The Cooking Contest will be one of the activities held as a part of the District Poultry Activities in Hope.

Mr. Coleman appointed Delores McBride, Extension Home Economist, as chairman and Mrs. Hamilton Hanagan, Hope High School Home Economics Instructor, assistant, for the District Contest that will be held in Hope High School Home Economics Cottage during the Saturday morning, with the dishes served as a part of a special luncheon at noon.

Homemakers interested in entering the cooking contest may get an entry blank from Miss McBride or Mrs. Hanagan and must submit the entry by June 1st. Recipes using eggs, chicken or turkey as the basic product may be prepared.

Four finalists will be chosen from the district contest to enter the State Contest to be held in Hot Springs. Each of the four district winners will receive an electric skillet, courtesy Southwestern Electric Power Company. The selection of the winners will be based on originality, flavor, and appearance, completeness, simplicity and ease of preparation.

The State Poultry Cookin' Queen selected will win a 2 weeks trip to Europe—promoting Poultry Products, sponsored by Institute of American Poultry Industry, International Trade Development Board and Foreign Agriculture Service, a \$500 Cash Award and Silver Serving Dish, courtesy Arkansas Poultry Federation, and \$500 Wardrobe, courtesy Arkansas Power and Light Company. First runner-up will receive an Electric Portable Dishwasher, courtesy of Arkansas Power and Light. Second runner-up will receive an Electric Clothes Dryer, courtesy of Arkansas Power and Light. Miss McBride reports three other entries have been submitted to date as follows: Mrs. Roe Sanders, Nashville; Mrs. Richard Fowler and Mrs. Berlin Bowles, Arkansas City.

Homemakers in the Hempstead County area are encouraged to enter the contest. The county recalls with pride that Mrs. Crit Stuart, Jr., of Hope, won 3rd place in the State Contest last year winning an air conditioner.

Soviet Resort Losing Beaches

MOSCOW (AP) — Sochi, the Soviet Union's leading beach resort, is losing its beaches, the first secretary of the Soviet Communist party committee wrote in Pravda today.

The party official, S. Medunov, said 12 million rubles a year — \$13.3 million at the official exchange rate — is needed to save the beaches at the Black Sea resort. He said the government has been spending only 2.5 million rubles annually to restore beaches and strengthen the coastline.

Medunov said erosion also is threatening the coastal railroad lines on which some 80 passenger trains run each day at the height of the summer.
